To book, either phone Mudgee Motor Inn directly on 1800 240 409 and let them know you want to book in for Christmas in July with Club VeeDub.

Meet at the Westbound Caltex Service Station on the M4 Eastern Creek at 9.00am, for a 9.15am departure. Stops will be organised for morning tea and lunch. Saturday afternoon, after check-in; we'll cruise to a winery or two and meet back at the motel in plenty of time to freshen up for dinner.

All welcome, please call Heather on 0409 66 3835 or (02) 9836 0464 (a/h) if you have any questions.

Weekend to Young and Temora

It's on again, it's been 3 years since we paid a visit to Young. We had a good time then and we'll have a great time again because this time around there'll be no manual labour (picking cherries) and of course the townsfolk are all 'Young people'.

The date: 16th and 17th of September 2006, we meet at uncle Leo's, just past the crossroads, Liverpool at 7.30am and we burn out at 8.00am sharp. Our first stop will be in the park off the main road at Goulburn, then another short break at Harden.

From Harden we drive off to Wallendbeen for lunch at the Yandilla Mustard seed oil factory where the two old ladies will give us a cut lunch of assorted sandwiches, cakes, tea and coffee for a small fee.

We should arrive in Young at approx 2.30pm - 3.00pm and we check into the Federation Motor Inn. The cost \$89.00 per person, which includes a two-course meal and buffet breakfast. Extra \$10.00 if you want to have an Entree with you evening meal. If you prefer to make your own booking please call Brett or Donna on 1800 639 988 and tell them you're with the VW Club.

If we have time on the Saturday we will visit the Jam factory and the Wodonga Winery - dinner will commence at 7 to 7.30pm.

On Sunday morning after breakfast we head towards Temora about 70K from Young to watch the spectacular Air Show which starts at 10.00am till 4.00pm - admission fee \$15.00 each. For more information visit the website www.aviationmuseum.com.au

We return home via Cootamundra, Jugiong, Yass and Goulburn.

Canberra Chapter

Presidents Report

Thanks to everyone who lent a hand during and before the show, especially new members who came along and ask what they could do to help out on the day. Our Saturday mystery cruise was a success, without anyone getting lost, or requiring extra instructions on the day, we had an enjoyable BBQ at Vintage Vee Dub.

Thanks to all our sponsors on the day, without whom there would be no show. Once again Volkswagen Group Australia supported our show.

It always amazes me when you stand up the top of the show area during the day, and look down between the car rows to see all the people checking things out. The food was excellent this year, with the people from Parramatta Rotary Club, doing a great job of pushing the meals through and keeping the line down to a minimum. The car show standard is always increasing. Special thanks to our car show judges, their job is thankless, but it's a great way to see every car in the show, and thanks to the Clubs who supplied these people. The swap area appeared to be bigger than last year, with some great bargains to be had. Our raffle was well patronised this year, with heaps of great prizes, with the Coffee table auction raising some \$200.00 for the Club. Many thanks to all those supporters and winners.

Once again thanks to all members who helped on the night before and during the show day, it's great to see so many helpers. This year we had the Hub Cap toss and the wheel change event, hopefully next year we can get a few more events to keep people interested throughout the day.

Don't forget to support our show sponsors this year, there all listed on the back page of each months magazine. These people help us out, so if your looking for something for your car go along and see them.

Précis of Committee and General meetings:-

VW Nats, Raffle prize for Nats, VW Nats jobs, Xmas in July, Joes run to Cowra.

Please note that all events listed in the Zeitschrift Calendar or on the Club web page are sanctioned by the club and its Committee.

Canberra Report

May already, time marches on very quickly. The Canberra Chapter have been busy recently as the year unfolds. There is an article in this magazine on our recent 'Wheels' carshow, which went very well.

German Autofest

We've had some hassles lately as the overseeing committee for this annual show has changed the dates a few times. However we are glad to say that the date has been confirmed and clarified - it will be Sunday 15 October. This is a few weeks later in the year than last years event, and nicely co-incides with the end of Floriade.

This years events will be similar to last year - Saturday afternoon VW cruise through Canberra, dinner, and the carshow on Sunday. There is an event flyer on page #5 of this magazine.

Alvin goes to Picnic at Hanging Rock 12/02/06

Ray and I made our 8th trip to Victoria for the 19th annual Picnic at Hanging Rock, which is organised by the Macedon Ranges & district motor club. It is the largest event of its kind held in Victoria.

It was planned to be an event that would attract all manner of motor vehicles provided you could get there and it was a special interest vehicle car show, presented to enthusiasts to look at and reminisce over in a non competitive and friendly environment. It has succeeded, with over 2000 attending the last few years we've been going there.

We started out on Friday and drove to Benalla and decided to stay overnight before continuing to Bendigo on Saturday and made it our base over the weekend.

Sunday early, and I mean early (Maccas weren't even open) so onto Kyneton for our usual big breakfast. We arrived at the "Rock"

Club VeeDub - The Legend Never Dies

Kids are catered for with miniature steam train rides, an animal farm, novelty races and of course the very popular rocker cover races. You could even climb the rock if you felt energetic enough.

We met up with quiet a few friends we have made over the years, including the Graham whose youngest son Zachary we met last year and kept in touch with. Zachary is 10 years old and owns his own Kombi and has great plans for it. When he grows up he plans on

by 7.30 am and managed to secure a great spot which was in the shade all day.

The grounds started to fill up with veteran, vintage, classic and restored cars, plus trucks, tractors, motorbikes and other vintage material. All makes and models of everything. Ray really admired the hand made pedal cars and hot rods, he was in his element.

Club VeeDub - The Legend Never Dies

loading "Kombi" up with his drums and surf board to set off touring the world, I'm pretty sure he will do it too, ill be looking forward to all the postcards.

The Melbourne VW club were there and had some very nice cars, with Kombis, Beetles Type 3s and lots of New Beetles, about 20 – 25 all up. One of their members and her dad ended up sitting up with Ray and I as their spot was in the sun all day, so they welcomed our shady recess.

The picnic grounds are so vast there's no way you could see all the cars. Ray spent nearly all the time looking at all the cars he could only coming back for food and drink, then he was off again in another direction. He was car'd out by 4.30 so we packed up and waited for the traffic to clear, then headed back to our motel for a much needed shower and a bit of rest, then out to dinner.

Monday we started off home, however as we were leaving Bendigo, "Alvin" spotted Herbie and had to have a photos taken with him, only the number has been changed to protect the innocent. We stayed overnight in

Gundagai, then Tuesday we arrived home safe and sound.

This is one trip we hope to be able to make every year if possible. We did over 1200 miles round trip and the fuel cost was about \$220, some places it was up to 146.99 cents per litre, we didn't fill up there though.

Regards Shirley

Joe's Camper

You have all seen the picture of my Kombi in the February issue with Alvia sitting in the passenger's seat. I have received an email from Drina, she's the wife of Bob Johnson, the son of Ron who bought the Kombi from Hollywood Motors. I will share her story with you, she has given me some more information on the Camper.

We visited Tony and Kay on the weekend and Tony introduced me to Bob and Drina at their property not far from his place.

Bob was very happy to see his old camper again and talked about old times. At the moment I'm doing some bodywork to it but when it's all finished I promised them we will get together again.

=====

Hi my name is Drina Johnson.

My husband Bob and I were given your magazine by Tony (who sold the VW to Joe).

Just a few little mistakes in the article that I would like to correct. When we sold the VW to Tony my husband Bob had owned it for 8 years (he bought it from his mum after the death of his father (Ron Johnson) who died 9 years ago. It had been in the family since 1977. It was very special to Bob and both Bob and myself had lots of years touring around. Wherever we went it always attracted attention. The thing we found really strange when we saw the photo of Alvia who is just Bob's mum's double (Edna Johnson) you would swear it was her sitting in the front seat.

Mum would have loved to have seen that, but unfortunately she passed away nearly 2 years ago at the age of 84.

We have known Tony and Kay for over 20 years so they were "allowed" to buy the much loved VW, as we knew it would be cared for.

I must say on numerous occasions Bob has said how much he misses his beloved VW, so it was really good to know it has gone to a much loved home.

Thanks Joe for taking care of our much loved Kombi

Volkswagen to invest in Russia

Volkswagen to invest in Russia Agreement about construction of Volkswagen assembling plant in Russia may be signed within a month, informed the head of the Ministry of Economic Development and Trade German Gref.

"We are glad to hear that Volkswagen company has made a final decision about investment in Russia", - said the minister on the Russian-German economic forum in Tomsk.

Gref hopes for soon signing of an appropriate

investment agreement, which will allow direct investments in construction of the plant in Moscow region. The annual productivity of the plant will come to 115 thousand automobiles, which will be put only on Russian market.

Porsche buys 20 percents of Volkswagen

Porsche buys 20 percents of Volkswagen The Porsche company already owns 5 percents of the biggest auto company of Europe.

Increase of stock holding up to 20% will cost Porsche 4 billion dollars. Porsche proposal caused company quotations drop on 12 percents at the beginning of the sales. On the contrary stocks of Volkswagen increased on 2 percents.

Explaining the decision about buying the company says that Volkswagen is not only major partner of Porsche but also is a serious supplier which holds about 30 percents of sales of the auto company.

Volkswagen welcomed Porsche decision and commented that long time stability of privacy structure is important to the company. Volkswagen stock increased on 17 percents last week and reached three years period maximum due to signs of uptake arrangement of the large investor.

Kerkorian was said, according to Bloomberg information, whose reputation is black eyed among auto-companies.

Now Lower Saxony government is the major owner of Volkswagen stock, its holding of stocks amounts at 18,2 percents. Volkswagen itself owns only 13 percents of the company. Local government and Porsche will be able to control a majority of votes at the directorate board together.

Hawkesnest Motorfest 11th March 2006

The Tea Gardens Car Club held their annual Motorfest at the Hawkes Nest Sports Ground on the 11 March under clear skies and somewhat hot conditions.

Wendy and I drove up the night before and stayed in Tea Gardens taking in dinner at the local fish co-op – great.

About 180 cars turned up for the event, which embraced a wide spectrum of makes and models. Two late model Ferraris stole the show in the people's choice judging format. Quite a few VW's were displayed including a couple sporting Club VW badges.

The Tea Gardens/Hawkes Nest locality is a beautiful part of the coast just north of Newcastle. From The Oaks using the M5, M7, M2 and F3 the trip both ways was a breeze and very enjoyable.

The event will be held again next year so be there.

Library Report

Hello to our new members, and also to our long-time members who haven't been to a monthly meeting for a while (or at all). Come on down to the Greyhound Club and have a beer with us!

If you've been to a monthly meeting recently, you will know that the Club Library is open for your browsing and borrowing pleasure for the duration of the evening. The library is at the back of the meeting room, just around the corner behind the raffle officer, Christine. All the books are there for you to take away and read on the night, or to borrow for a month if you prefer. All you have to do is write your details and the book number in the register,

which sits on top of the library. I'll be nearby (with a beer in my hand) to help you.

What do we have in the library? All sorts of good stuff for the VW enthusiast. I'm in the process of re-organising and expanding the collection at the moment, so many new books have been added and some old crap has been removed.

We used to keep older copies of Zeitschrift in a magazine box on the lower shelf, but no one ever looked at them. No one seemed to care what we said in our magazine 4 for 5 years ago! These have now been removed.

We used to have OLD copies of the English VW magazines called Safer Motoring (later called VW Motoring), and VolksWorld. By old, I mean about 1988-1990. I think they were donated many years ago. We also used to have a couple of boxes with old VW Trends and Hot VWs magazines in them, some of them going back to 1981! There were no issues newer than 1996. Again, people rarely went near them and they only took up space in the library. All of these have now been removed as well.

Now we had some space for new books!

The contents of the Club VeeDub book library have been divided into several categories, which I can control with a spreadsheet. The categories are:

1. VW Data CDs (from VWG Australia's PR department)
2. Volkswagen AG Publications - handbooks and instruction manuals
3. VW workshop manuals - Haynes, Climer, Autopress, InterEurope, Muir, Gregory's etc.
4. General VW books - histories, guides, handbooks, anything non-workshop manual
5. General automotive books (not VW specific).

Next month I'll tell you more about what we have in each category.

A reminder to our members with overdue

library books:

John Vellis - please return VW Beetle Custom Handbook (book 105) you borrowed on 19 January 2006.

Jeff Dunne - please return Haynes Body Repair Manual (book 65) you borrowed on 19 January 2006.

John Weston - please return Volkswagen in Australia (book 46) you borrowed on 16 February 2006.

Thankyou fellas!

The A to Z of Owning a Volkswagen

This list was recently compiled on the ACT VW Forum, so we thought we'd share it with other Vee Dubbers:

- A - Awesome to cruise in a group
- B - Beetle: the one that started it all...
- C - Can never have to many VeeDubs.
- D - 'Dak Dak' - the noise we all love...
- E - Economical
- F - Fun for the whole family.
- G - the girls love em!
- H - HUGE fun to be had by all !!!
- I - Ingenious design
- J - Jetta, check the new model out!
- K - Kombi, what else!
- L - life in the fun lane
- M - Making new VW friends
- N - New Beetle - the legend lives on
- O - Ooo Yeah!

certainly turned a bright shade of red that night (even after many litres of sunscreen). But it was all worth it - the cars looked great on display and we set the local tongues wagging.

Leigh & Belinda's 1977 Deluxe Microbus

Complete in every way this bus was a rare find that Belinda stumbled across. Originally owned by a gentleman who resided in Gosford. This bus was bought new from the dealership and remained a one owner bus until sold in late 2004 to the second owner, who we bought this bus off. The second owner drove this bus for 13 months before having to resell it to us due to the owner being pregnant and unable to climb up behind the steering wheel.

In the time we have owned it very little has needed to be done. The trip meter

EFI unit in preparation for a possible upgrade to fuel injection in the near future. The fuel tank cover has been repainted black in POR15. And the later model radio that came with the car was replaced with an original unit to restore the vehicle back to factory specifications.

The microbus is in such original and factory condition that not much has needed to be done, it drives, shifts and handles like a new vehicle. Just as the two previous owners have done we have simply garaged and cared for the vehicle without mistreatment. The motor is serviced like clockwork every 6 months or 5000 kilometres. But 6 months always comes first with only 4000km being added to the clock in the past 18 months.

The previous owner told us when they bought the vehicle they took it up over the border into Queensland on a holiday and rang the original owner from up there to tell him where they were. The original owner was reported to be in shock at the news having never driven the vehicle out of his own district in his 27 years of ownership since new.

speedometer needed to be replaced, the rear jail bars have been polished, new mud flaps and a security immobilizer installed, all CV joints have been cleaned, axles painted and reassembled. Unfortunately the fuel tank sender stopped working (common problem with this model) so the engine had to be dropped down to remove the fuel tank. At the same time the fuel tank was replaced with an

THE TOY DEPARTMENT

This month we feature this unusual plastic split window kombi I picked up at the VW Nationals, the faint inscription reads “Jacobs Kaffee... Wunderbar”

When founding father Johann Jacobs opened his speciality shop for Coffee, Tea, Cocoa, Chocolate, and biscuits in 1895 at the Bremen Domhof, no one could foresee the rise to leadership in the German coffee market a 100 years later.

Today, Jacobs holds a 27.8% market share and has annual sales of DM 2.3 billion.

The slogan Jacobs Kaffee..... Wunderbar (Jacobs's coffee.....wonderful) was born some 40 years ago and turned into the most popular brand coffee of the market.

Also this month sees the release of the animated Disney movie “cars”. With the launch of this movie speciality merchandise has been released and of particular interest is the character “Filmore” the split window kombi.

This diecast model is available at most speciality shops for around \$7.00. Filmore is a must for your collection.

Hotwheels has also released an unusual model called the “Qombee” better known as Kombi. This unusual diecast model is a 2006 first edition number 17 of 38.

On closer examination you will notice that it is not a split screen but is a dual cab which has a concept look about it, my only criticism is that it lacks the VW badge on the nose.

VW Nationals Report

Easter Saturday we had a navigation run around south-western Sydney. Starting at the Greyhound Social Club at car park at Yagoona we went down to Canterbury Road, then out to Liverpool, from there we went along Heathcote Road to Engadine, then we went to Hurstville via the Princes Highway and Captain Cook Bridge, then from Hurstville we wound our way over to Vintage Vee Dub Supplies at Campsie for a BBQ lunch, beautifully cooked by Leigh. The theme for the navigation run was to drive past the old VW dealers in the area, sadly they have all gone.

1st place in the navigation run was shared Megan Davis in her Type 3 Notch and Wayne in his beautiful early Beetle, Wayne had his 3 daughters navigating for him, the oldest would have been around 12 years old.

Saturday night was setup night at Fairfield Showgrounds. We had near record number of helpers, even some from our Canberra chapter, well done everyone.

On Saturday night we also ran a Herbie movie on the big screen, using the clubs projector and PA system. A number of families turned up for the movie and came very well prepared with nibblies and drinks.

Show day Sunday we had a bright sunny day and about the usual number of car show entries, but a much larger attendance of around 1,500 more people through the gate. There were many new cars this year, which only goes to show you that our hobby is not dying.

As usual there were many show quality cars left in the car park, I don't know what the solution is to this problem, if you have any ideas let the committee know.

In an effort to make the show less boring (myself and other committee member never get a chance to be bored), some club members organised some novelty events, Norm organised a wheel changing competition and it attracted heaps of entries and spectators. Heather and Chris Pascoe organised the hubcap toss which attracted competitors all day long, most of which only wanted a chance to talk to the young ladies from Nulon who helped run the activity.

Hopefully we will have drag racing again next year and the show will get bigger again.

Thanks to everyone that attended, the car show entrants, the sponsors and the club members who helped make the VW Nationals a success again.

Steve
